1 Food and Hunger

1.1 Interpretation of famine	1 - 4
1.2 Characteristics of famine-stricken countries	1 - 5
1.3 Uneven distribution of food	1 - 10
1.4 Causes of famine	1 - 11
1.5 International aids	1 - 14
1.6 Needs to care about famine-stricken in other countries	1 - 20

2 Sustainable City

2.1 Interpretation of sustainable development	2 - 4
2.2 Interpretation of a sustainable city	2 - 5
2.3 Interpretation of sustainability indicators	2 - 5
2.4 Unsustainable aspects of Hong Kong at present	2 - 6
2.5 Ways of turning Hong Kong into a sustainable city	2 - 9
2.6 Roles of different parties in promoting sustainability	2 - 20
2.7 Benefits and costs of developing Hong Kong into a sustainable city	2 - 22
2.8 Controversy over economic development and environmental conservation	2 - 23

3 The Choice of Power

3.1 Major supply regions of fossil fuels in Mainland China	3 - 4
3.2 Major industrial regions in Mainland China	3 - 7
3.3 Energy problems of Mainland China	3 - 13
3.4 Industrial relocation towards the sources of power supply in northern, central and western China	3 - 16

3.5 Major power resource projects in Mainland China	3 - 27
3.6 Alternative power supply in eastern and southern China	3 - 34
3.7 Comparison of different power resources in Mainland China	3 - 46

4 Climatic Anomalies

4.1 Interpretation of greenhouse effect and global warming	4 - 5
4.2 Sources of greenhouse gases	4 - 7
4.3 Causes and impacts of global warming	4 - 8
4.4 Ways to combat global warming	4 - 16
4.5 International cooperation in combating global warming	4 - 21

5 Natural Hazards

5.1 Causes of hazards	5 - 4
5.2 Human responses to hazards	5 - 5
5.3 Volcanic eruptions	5 - 7
5.4 Earthquakes	5 - 15
5.5 Tsunamis	5 - 25
5.6 Comparison among volcanic eruptions, earthquakes and tsunamis	5 - 33
5.7 Differences in ability to reduce losses by tectonic hazards between more and less developed countries	5 - 35

6 The Trouble of Water

6.1 Floods and Droughts in Mainland China	6 - 4
6.2 Floods in Changjiang Basin and droughts in Huanghe Basin	6 - 5
6.3 Causes and effects of floods in Changjiang Basin	6 - 8
6.4 Human responses to the flood problems in Changjiang Basin	6 - 10
6.5 Causes and effects of droughts in Huanghe Basin	6 - 16
6.6 Human responses to the drought problems in Huanghe Basin	6 - 20
6.7 Effectiveness of the solutions launched in Changjiang and Huanghe Basins	6 - 28
