|   |          |
|---|----------|
| <b>1 Quadratic Equations, Quadratic Functions and Absolute Values . . .</b> | <b>2</b> |
| 1.1 Quadratic equations   | 4        |
| 1.2 Graphs of quadratic functions   | 10       |
| 1.3 Absolute values   | 13       |
| Demonstration   | 20       |
| Practice  | 24       |

|  |           |
|--|-----------|
| <b>2 Inequalities . . . . .</b>                          | <b>30</b> |
| 2.1 Linear inequalities and compound linear inequalities | 32        |
| 2.2 Quadratic inequalities                               | 35        |
| 2.3 Nature of roots of quadratic equations               | 37        |
| 2.4 Shape and position of quadratic curves               | 38        |
| 2.5 Range of real values of simple rational function     | 42        |
| Demonstration  | 44        |
| Practice   | 50        |

|  |           |
|--|-----------|
| <b>3 Mathematical Induction . . . . .</b>                      | <b>54</b> |
| 3.1 Principle of mathematical induction and proving identities | 55        |
| 3.2 Proof of divisibility                                      | 58        |
| Demonstration  | 60        |
| Practice   | 66        |

## **4 Binomial Theorem.....71**

|   |    |
|---|----|
| 4.1 The Pascal's Triangle                               | 72 |
| 4.2 Definitions of factorials and binomial coefficients | 74 |
| 4.3 Binomial theorem                                    | 75 |
| 4.4 Trinomial expansion                                 | 77 |
| Demonstration   | 80 |
| Practice  | 85 |

## **5 Trigonometry.....90**

|   |     |
|---|-----|
| 5.1 Trigonometric functions of general angles   | 92  |
| 5.2 Compound angle formulae                     | 97  |
| 5.3 Double angle formulae                       | 98  |
| 5.4 Subsidiary angle form                       | 99  |
| 5.5 Sum and product formulae                    | 101 |
| 5.6 General solution of trigonometric equations | 103 |
| Demonstration                                   | 107 |
| Practice  | 115 |

## **6 Solution of Triangles and its Applications.....122**

|  |     |
|--|-----|
| 6.1 Two-dimensional problems (Solution of Triangles) | 124 |
| 6.2 Three-dimensional problems                       | 128 |
| Demonstration  | 134 |
| Practice   | 142 |
